

## *Legacy's story*

---

When complex issues arise, Legacy Foundation works with caring community members—like YOU—to find adaptive solutions and create positive change! Our work is focused on cultivating a stronger, healthier and more prosperous Cowley County area by fostering informed leadership through Leadership Cowley County, strengthening our nonprofit organizations and encouraging volunteerism. Whether providing board training, working with school programs or convening stakeholders around critical issues, your Legacy Foundation is actively working to produce sustainable answers to community challenges while optimizing our area's limited resources.

We are able to accomplish this work by building endowments and connecting donors to the critical needs in our community. We think of it in three easy steps—**GIVE**, **GROW** and **GRANT!**
